Dear Guy:

On behalf of the Board of Directors of Le Hi Ho, let me express to you our gratitude for permitting several of us to air our views on the subject of Gay Liberation recently on your T.V. show, "On the Carpet".

We are confident that this program will do much in the education of the general public on the subject of homosexuality and hopefully will aid in the disuasion of the many myths and stereotypes attributed to and associated with our life - styles.

Your objective and unbiased monitoring of the program is especially appreciated.

If we can be of service again, please do not hesitate to contact us.

Respectfully yours,

Helmuth J. Baerwald
